FLORIDA AMERICA'S SUNNY WINTER HOME,

THE LAND OF ORANGES, TROPICAL SCENERY, SUNSHINE AND HEALTH.

SILVER SPRINGS PARK

Is situated in Marion County, lying adjacent to SHLVER SPRINGS, one of the most beautiful and noted wonders of Fiorida, and on the Florida Railway & Navigation R. R. The town contains about 4,000 acres of high, rolling, first-class pine land, entirely free from swamps, puitoes and malaria. No more healthful or comfortable town can be found in the United States, and no town offers more solid advantages to the settler.

A PHENOMENAL GROWTH.

In the month of October, 1885, the Silver Springs Park Fiorida Land Company purched surveyed and platted this cutire town. Then money was spent like water in newspaper and circular advertising, until, at the end of twelve months, the Company found by their books that over \$50,000 had been expended in booming the town. During the year a Postoffice has been established: 50 miles of streets and avenues have been cleared; 108 new houses built; also two flotels, one Church, Passenger Depot, 5 Stores, 1 Schoolhouse. Over 3,000 ladies, bankers, merchants, lawyers, doctors, clergymen, grocerymen, carpenters, druggists, tallors, farmers, truck gardeners, and a host of other professional and trades people layer invested during the past year.

NEW SETTLERS FROM THE NORTH ARE COMING IN RAPIDLY,

Some weeks thirty to forty persons. The citizens are intelligent, refined, honest and energetic people from the cities and towns of the North, and greet every newcomer with a cordiality born of good breeding and culture. The Methodist Episcopal Church was completed and dedicated Oct. 24, 1886. Rev. S. H. Cummings is the pastor. The citizens dopated a fine \$200 bell, also an elegant Grand Upright Plane, costing \$755. No saloons of any kind are in the town, and will not be allowed. We confidently believe that inside of one year the population will be increased by over 1,500 new arrivals,

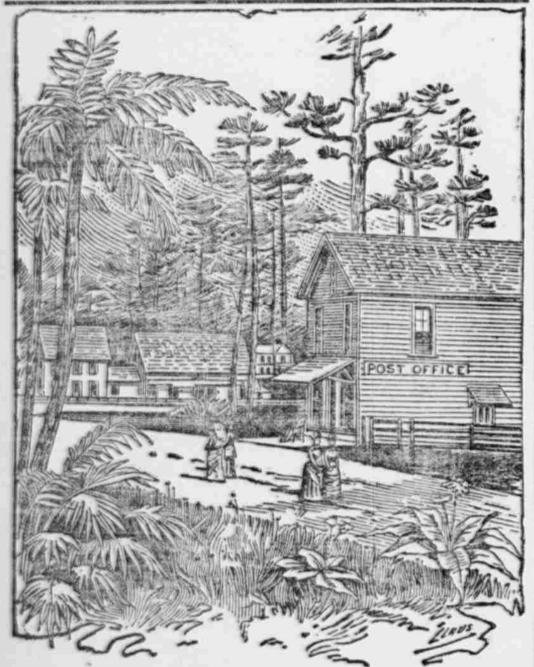

1.AND OF HOSES. At SILVER SPRINGS PARK Roses may be kept in perpetual bloom.

duk of that, people of the cold North! What a luxury it is to be able to walk out into your garden
y day in the year and gather bouquets of roses for your table! CHANCES POR PROFESSIONAL PERSONS. Lawyers, doctors, professors, teachers, singers, actors, other-holders, editors, lecturers, authors, &c. cannot do better for themselves than acquire from us a fine orange grove tract in Florida. The payments may be made gradually, and in his years time they can throw off their professional harness if they choose, and for the remainder of their days level a life of exquisite leisure in the fairest land beneath the sun.

31ECHANICS WANTED. Mechanics of all kinds, men who are not afraid to work, are

wanted to settle at SILVER SPRINGS PARK. Masons, carpenters, painters, plasterers, blacksmiths, in short, anyone skilled in any sort of labor, cen come here and do well. We scarcely need add that in a new lown men of this class are always indispensable, and their survices appreciated accordingly

Get Your Home Now in Florida and Avoid the Long, Cold Northern Winter This is a safe and sure investment for ladies. It is an investment unlike any bank and shares of stock or other securities, because the land can never run away, decrease in value or default. It will increase each year in value, and if five acres be set out in Orange Trees, it will prove a source of income in after years that will make one's declining years secure

The News from All Parts of the World.

ABROAD. London is all agog over the trial now in progress of the suit for divorce brought against Lord Colin Campbell by his wife. Very bad behavior is charged on both sides, and the details are extremely malodorous. - Sir Charles liely prove the truth of his charge in another suit, which he would shortly bring to establish his innocence. - Mr. John Bright, in a letter appaoving of the erection of a statue of Cobden at Stockport, denies that free trade is imperiled. me if it would be possible to return to protection in England. I replied, "It is not impossible, but it will not come until the United States restore slavery." -- In spite of the closest watch kept on the barracks at Berlin, Spandan and Potsdam, thousands of copies of Scocialist pamphlets have been found among the troops. Minister at Vienna was received with general extisfaction in Austrian official circles.-

A FREE RAILROAD TRIP TO BOSTON.

We can give you many new features of our town that cannot be told as well in print, We have a large collection of Photographic Views of Cottages, &c., of Silver Springs Park, which necessarily must be seen in our office. A call from you will enable the best selection of House Lots and Orange Grove Tracts remaining unsold, and it will be pleasant

We will pay Railroad Fare both ways, to all parties living within 200 miles of Boston who accept our offer to make

us a personal call. Each person so coming must purchase land to the amount of \$50 in Silver Springs Park

be entitled to this offer. Parties living as far east as Bangor, Me., north as far as Plymouth, N. H., west as far as New York, and south as far as Providence, R. I., can take advantage of our offer. All persons living beyond any of the above-mentioned cities will be paid railroad fares, both iys, as far as the cities above named-balance of the fare must be paid by the traveler. Ladies, here is a fine opportunity for you to come to Boston on a shopping expedition; also visit your friends here. Gentlemen, why not combine other business with this and make a trip at once? Take Don't stop to write us, but take the train TO-DAY.

FREE TICKETS TO FLORIDA.

Until Jan. 15, 1887, we will give first-class tickets, free, from Boston to Silver Springs Park, Fla., via Boston & Savannah Steamship Line, to every purchaser of lots to the amount of \$100. Meals on the steamer are also included free. (If you live outside of Boson and wish also to take advantage of our free railroad trip from your town to Boston then you must buy lots to the amount of \$50 to be entitled to that offer, and also \$100 worth lots to be entitled to a free ticket from Boston to Silver Springs Park.) Above offers are made solely to induce a rapid influx of settlers at Silver Springs Park.
We depend upon large land sales to settlers after their arrival at the Park to reimburse us for paying their fares down. Above offers are good only until Jan. 15, 1887.

Over 3,000 Persons Now Own Property in Silver Springs Park, and Our Office Is Crowded Daily with Purchasers.

CLIMATE AND HEALTH.

The climate of this section is the most beautiful on the globe, surpassing that of Italy, ool, balmy, delightful breezes are constantly blowing from the Atlantic, the Gulf and the pine lands. The thermometer in Midsummer rarely goes above 90 degrees, and in Winter rates between 50 and 70 degrees, with no ice, no frost and no snow. No sunstrokes ever occur in Summer, and at night pleasant and refreshing sleep can always be found. NO SICKNESS, so doctors do not get rich. No malignant fevers, as there are no fresh water rivers. This immediate region is well adapted for a Summer and Winter resort. The mild climate makes an expensive house unnecessary; fuel is to be had for the cost only of gathering it, and thus far the necessity has not arisen for expenditures that in the city resident's expense account book would properly appear as "paid for keeping up ap-

WHY DON'T POOR MEN BUY REAL ESTATES

Because very often they haven't money enough. Where is there a house lot in a live town in the whole United States that can be bought for less than \$200 up to \$20,000? SIL-VER SPRINGS PARK IS THE ONLY EXCEPTION. Do you doubt it? Look around and inquire the prices of lots in your town. Poor men and women are just as intelligent as their rich neighbors, and just as ambitious to own property. Then why not be wise in time, and make as handsome an investment in our property. town as your means will allow? You can't buy lots of the people living in SILVER SPRINGS PARK FOR THREE TIMES WHAT THEY PAID FOR THEM. Do you

You will probably have to pay us \$100 each for inside lots in a few weeks.

doubt it? Try to buy them, and see for yourself.

Our company expended \$50,000 in advertising and booming SILVER SPRINGS PARK.

During the next twelve months we shall probably expend \$50,000 more in advertising and building up the town. No town in Florida has had a tithe of this amount expended in Property owners at the Park cannot fall to realize the unparalleled advantages of own-

A RUSH FOR FLORIDA LAND.

The headquarters of the Silver Springs Park Land Company, 292 Washington street, was crowded all day yesterday with inquirers and purchasers of land. The Company invite the closest scrutiny, show conclusively that they have good land, a thriving town well started, and a magnificent opportunity for settlers and investors. The heaviest purchasers are those who have investigated the most closely. Intelligent reporters were sent from the Boston Globe and Boston Herald to see the town and the land of this Company and interview the inhabitants. This was thoroughly done and the statements of the Company were verified. Many people are buying lots for their young children of all ages, confident that the usual rise in value of growing towns will make these lots a nice nest egg for the boy when he reaches 21, or for the girl when she is married. Many inquiries and orders for lots come by mail, and are promptly answered and filled. Look into it, it costs you nothing to investigate, and the opportunity for a light, but good investment, is a rare one.—[From Boston Globe, Nov. 23, 1886.]

An Income of \$1,000 to \$2,000 is Surely Guaranteed After the orange groves come into full bearing. You should provide for the last years of your life, so that, should any misfortune overtake you, your land here will be worth something to fall back on, that will give you peace and plenty as long as you shall live. Commence now. You will never regret it.

Dr. E. G. Granville settled in our town in September, 1885, and soon after erected a house at 100 Main street, with store on the ground floor, the fund and building costing alone \$700. We have been informed that he has recently been offered \$1,200 for this property, and refused to seil. How does this strike you for a one year's advance in real estate valuation?

Erastus Brooks died in New York Nov. 25,

The Boston Herald sent their reporter, Mr. C. O. T. Stevens, and the Boston Globe their eporter, Mr. H. G. Trickey, to SILVER SPRINGS PARK Oct. 24, 1886, to investigate the wn and find out if we were endeavoring to overpraise and misrepresent the town. We wish every one to read the facts, good and bad, as reported by these gentlemen and published Nov. 5 in each of these papers. Copies can be obtained in this office free. Our town will stand on its merits entirely.

COLD, FREEZING, RAW, UNHEALTHY, NORTHERN WEATHER.

Are you suffering from pneumonia, catarrh, colds, rheumatism or consumption? If so, then you should seek a home in sunny Florida. Health is always the first consideration with all sensible people. Perhaps your wife, or husband, or some one of your relatives is in poor health; or, it may be, you wish to spend the Winter months in a warm, genial climate, at a nominal expense. SILVER SPRINGS PARK offers every inducement to all such as these. There is no risk in buying our land, as we give every purchaser a written guarantee as follows:

GUARANTEE.

We guarantee the Town of SILVER SPRINGS PARK, FLA., and the land sold this date to to be as represented in our printed description. We further guarantee and bind ourselves to refund to you every dollar of your purchase money, together with 10 per cent. additional, at any time during the coming year from date; PROVIDED, after a personal inspection of the town you prove our statements to be substantially untrue. Signed, THE SILVER SPRINGS PARK FLORIDA LAND CO. 292 Washington Street, Boston, Mass.

Who Wants to Make Money?

Do you? Then invest TO-DAY in several lots in SILVER SPRINGS PARK before we raise prices. Will it pay? Ask every rich man or woman in your town how they made their money? Nine-tenths of them will say: "I made a large part of my money in real estate speculation. It is ALWAYS safe, as land can't run away."

ALL THE EARLY VEGETABLES are served, commencing in February, and it is wonderful how the land responds to practical cultivation. It is of a dark, sandy character, and 10 minutes after a rain no water remains on the surface, the soil absorbing all. Three crops can be taken off within the year. There is produced cotton, corn, rice, oats, sugar cane, with vegetables of all kinds and of mammoth size, together with peaches, grapes, ums, melons, pomegranates, bananas, figs, oranges, lemons, guavas, Japanese plums, Le onte pears, olives, and all fruits and flowers belonging to a semi-tropical climate. We will build you a nice cottage from \$400 and up, all complete. Call and see plans,

evations, prices, &c. Sold on the installment plan.

LADIES! Now is your golden opportunity to secure a large lot (40x100 feet) for a little oney. Then you can have a splendid cottage built for \$400 up to \$1000, and thereby own a sirable home of your own. The company has donated the grounds for schools and churches of all denominations, as they are desirous of affording perfect facilities in this respect.

Parties wishing fresh news every week of all interesting items about Silver Springs Park will do well to send \$1 to the Ocala Banner, Ocala, Fla., for 6 months' subscription.

The editor of The Banner is Hon. Frank E. Harris, ex-Mayor of Ocala. A Banner special correspondent living at Silver Springs Park writes all the news weekly, giving names of arrivals, new houses and stores going up, &c.

Business and House Lot Prices.

Corner Lots on Main, South Walnut and Market Streets, \$30 Each. Inside Lots on Main, South Walnut and Market Streets, \$25 Each. Corner Lots on all other Streets and Avenues, \$20 Each. Inside Lots on all other Streets and Avenues, \$15 Each.

Main, South Walnut and Market sts. are intended to be devoted exclusively to business interests. Merchants and storekeepers of all kinds should buy one or more lots on these streets. Every store that is built enhances the value tenfold, and inside of one year these lots will be worth from \$200 to \$500 each. These lots are extremely low. Buy a lot or two for yourself, your wife and each one of your children. Boys and girls, ask your parents to buy a lot. Club together with your relatives and friends and buy a whole block of 30 lots for \$400. A small investment that will return double the money inside of

one year. Climate, health and soil unsurpassed. Why not own your own Winter home in this land of oranges, tropical scenery and sunshine? Don't live another Winter in the cold Northern climate. Homes for all, rich or poor. Nothing equal to a home in sunny Florida for health, pleasure and oranges during the long cold Winters North. Secure your lots now, while they are cheap. The price of corner lots on Main, South Walnut and Market streets will be advanced Jan. 15, 1887, to \$40 each and inside lots \$35. On all other streets and avenues prices will be advanced to \$30 for corner lots, and \$25 for inside lots. Secure your lots now, to-day, while cheap. Only \$15 a lot; and how extremely low it is for a fine diding lot, 40x100 feet. A warranty deed given with each lot.

If you would like a large lot, say 80x100 feet, we will deed you two inside lots adjoin-

ing for \$80, or a fine corner lot and the next adjoining for \$45.

As will be readily appreciated, the above prices for lots ARE NOT based on the value of the land, but this company will dispose of a portion of its property with a direct view to the rapid growth of the city and the development of the resources of its territory. The Company has also reserved several blocks of house lots, the price of lots in such reserved half being now \$100 for a single lot. In other words, the company depends for its profits on the rapid increase in value of all its city property, arising from the occupancy and building up of that portion which is sold.

"Here's a State of Things."

ANOTHER HOTEL NEEDED.

There is a grand opening for another New Hotel at SILVER SPRINGS PARK. Is should be a 30-Room Hotel, built of pine and finished in a pinin, substantial manner, About \$5,000 will build and furnish complete. Who will be the fortunate man to build and

run the Magnolia Hotel?

resents. The most beautiful and valuable Gifts you can possibly make, as the land bemes more and more valuable each year. Boys and girls, ask your mother to buy several lots for you for your Christmas Presents,

STOP!

Will you not take the pains to call and learn of the remarkable advantages and uneparalleled offers we are making to the people of the North? Our office is centrally located, and you can easily come in and see us. It will pay you to do so.

Wild Animals in the Catskills.

Panthers were by no means scarce in the Catskill Mountains some years ago, but latterly they have been seen so seldom that it was believed they were almost, if not entirely, extinct. On Sunday morning several sheep of a flock belonging to Philip Dedrick were found killed and more or less mangled, and this, taken not correspond with those of any animal familiar to the neighborhood, determined Mr. ed in quest of the visitor. After a hard tramp of several miles through the snow the hunters perceived the dogs engaged in a flerce struggle with a full-grown male panther. The place of encounter-a thick clump of trees on the edge and so excited were the dogs that it was impossible to call them off in order to fire at the panther without wounding them. The animal killed one of his assailants and would probably have escaped, so cowed were the others, but for the tenacity of a bull-dog which clung to him so desperately that it was impossible to shake him off, and they finally rolled over the cliff, when a shot killed the panther. The dog had been so seriously injured in the struggle that it was found necessary to kill it also. On Friday last in the region of the Dry Brook, in the Catskills, two boys, Orrin Todd

and Frank Fairben, treed a bear and shot him. The carcass weighed 250 pounds. On the same day some 20 men and boys in Sullivan County started a fine red deer near Claryville, chased it many miles, and finally one of the boys brought it down with a revolver. Deer are scarce and it is a long time since any have been caught in that region.

The Dwindling Fish Supply.

The veteran fish culturist, Soth Green, writes to the New York Tribune as follows : "I see by the American Angler that the Cape Cod fishermen have had poor luck. No waters, no matter how large, can stand the catches made by the improved fishing tackle that is used nowafessed that she had taken a dose of "Rough on something for them. Now they ask me what Rats." A physician was summoned and every | can be done. It is like locking the door after success, and she died at an early hour the next | Congress make a general law that there shall be no fish taken for one month during the respective spawning seasons of each kind of fish, There was a law passed in New York State that striped bass should not be taken during their spawning season. It was repealed because they could be sold in other States. The result is that there are scarcely any striped bass eaught this season. The bass congregate in different all can be taken. I have heard of very few being taken this season at Cuddy Hunk and Pesaque Islands. What is the cause?"
